# MILESTONES & MOMENTUM

## 1992 - 1997

- » Founded in Michigan, USA
- » Started Business in Garage
- » Made the First Sale of a Compact 4x28 Scope
- » 1st SHOT SHOW Presence

## 1998 - 2002

- » Expanded into Scopes, Rings, Mounts, Knives, Gun Cases, and Accessories
- » Started TRUE STRENGTH® Scope Platform
- » Moved into a 15,000 sqft Commercial Building in Livonia, Michigan

## 2003 - 2008

- » Established Multi-line & Vertical Integration Business Strategy
- » Established 1st Overseas Manufacturing Factory

## 2009 - 2013

- » Established UTG PRO® USA Manufacturing
- » Established UTG Europe Distribution Center in Germany

## 2014 - 2017

- » Expanded UTG PRO® USA Manufacturing to Include In-house CERAKOTE® and Injection Molding
- » Launched UTG World Class Wireless and Paperless Order Fulfillment Center

## 2018 - 2019

- » Established UTG Taiwan World Class Optics R&D and Manufacturing Center

## 2020 - 2021

- » Established Leapers Proving Grounds - 100 Yard Indoor Shooting Range
- » Initiated Premium INTEGRIX™ Optics Development

## 2022

- » Introduced INTEGRIX™ Premium Optics Brand
- » Manufactured 1st Billet AR Receiver in USA

### OUR MISSION

#### The Best Never Rest

Leapers has outfitted shooters for more than 30 years. Most, if not all, have come across our well-established brands online, at a gun show, and or at their local gun shop down the street. Our mission is to promote a quality lifestyle through innovative and solution-oriented hunting and shooting sports optics and accessories with complete concept-to-delivery services to customers all over the world. Innovation, quality, value, and service are central to each and every one of our brands.

### OUR COMMITMENT

#### Leaping into the Next 30 Years

Leapers was established in 1992. In the first 15 years, we focused on horizontal integration to bring multiple product lines into one umbrella for one-stop firearm accessory shopping. In the second 15 years, we strove to achieve vertical integration, ensuring that our products, from development, manufacturing to sales and service, are aligned and managed with our own complete control and discipline. Our commitment into the future is to fully leverage our synergized global organization with its R&D power and streamlined manufacturing and supply chain to keep bringing consumers "surprise and delight" products with superior technology contents that can be enjoyed in the great hunting and shooting sports.

# SOLUTION PROVIDER

## CONCEPT TO DELIVERY

Integrated Conceptual Design, Prototyping, and Validation

## VALIDATION & LIFETIME WARRANTY

Product Endurance to Include Live-fire, Adverse Temperature, and Environmental Testing

## CAPABLE MANUFACTURING

World-class CNC and Workcell Automation Executed to the Strictest Of Tolerances and Precision

## WORLDWIDE REACH

Distributed and Partnered Worldwide to Reach Customers Across the Globe

## ONE-STOP SHOPPING

The Go-to Optics and Shooting Sports Accessories Outfitter with over 700 Products

## EXPERTS IN FULFILLMENT

Solution Driven and Long Term OEM, Dealer, Distributor, and Vendor Partnership Opportunities

## MULTI-TIER BRANDING

Brands That Capture. Products that Deliver, Accessible to all and Serviced for Life

## QUICK RESPONSE & SUPPORT

Individually Assigned In-house Sales Force to Support You above and Beyond

## Shooter Driven and Proven

## Does Not Expire, Does Not Tire, Serviced for Life Because The Best Never Rest

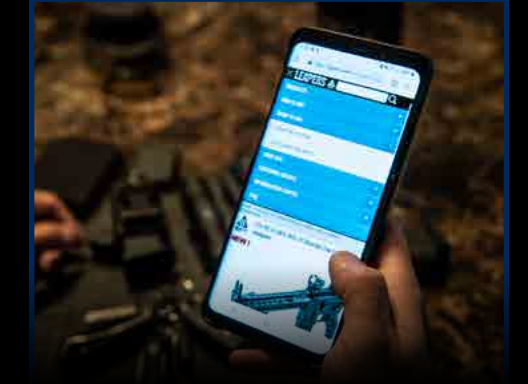

## Fanuc Roboshot Injection-Molding, Miyano 9 Axis, Mazak and Brother CNC, Zeiss CMM

## 100% Owned Manufacturing and Production Centers in US, Taiwan, and PRC

## E-Commerce, Storefront, Gun Show, & 2-Step Distributor Ready

## Accurate, Reliable, and Efficient Operation

## Expertly Assembled and Packaged for Shooters to Kit Up and Go

## Dedicated Customer Service Team is Ready to Assist and Standing by

# PROVING GROUNDS

## LIVE FIRE TESTING

Multiple Round Ransom Rest, Rapid and Slow Fire, and Bench Rest Testing

## SOLVENT TESTING

Determines Material Limitations from Contact with Harsh and Common Chemicals

## SIMULATED RECOIL SHOCK TESTING

Determines Max Shock Limitations Using Recoil Data Gathered from Multiple Calibers

## ADVERSE TEMPERATURE TESTING

Determines Product Operational Ranges and Environmental Parameters

## DROP & RACK TESTING

Repeated Drop Testing from Upwards of Two to Six Feet onto Different Surface Mediums

## POI CONSISTENCY TESTING

Validates Point of Impact (POI) Standards throughout the Optic's Magnification Range

## WATER & DUST INGRESS TESTING

Water and Dust Proof Testing to Ingress Protection (IP) Standards

## FIELD TESTING

Validates Set Parameters for Product Operational Temperature Ranges

## Product Caliber Rating Approval Testing and Validation

## Ensures Product Reliability and Resilience when in Contact with Solvents

## Ensures Caliber Rating and Endurance Numbers for Certain Products are Validated Accurately

## Ensures Products Perform in Changing and Adverse Environments and Weather Conditions

## Reliability Tested by Deliberate and Repeated Slide Racks Directly Against our MRDS

## Ensures POI Remains Consistent Incrementally Out to 1,000 Yards

## Tested through Repetition to Ensure Continued Performance

## Rapidly Confirms Designed Thresholds and Material Limitations for Product Consideration

## NICK TILL - MARKSMAN

A critical decision made often by shooters is what optic to pick for their firearms. It is a decision, one of integrity and intelligence to justify what we consider to be quality. The voice of the customer has spoken. Leapers has listened, and listened with decades of attention as well as persistent R&D. We have learned that quality optics achieve optimal performance only when superior optical design and mechanical precision integrate seamlessly under the strictest tolerance control. When such standards are met at the manufacturing level, our customers' dreams come true. Leapers brings to the forefront of shooters, the culmination of integrated and intelligent optical design and manufacturing. This is INTEGRIX™.

Mid-tier brand optics priced accordingly for shooters searching for the best value. Leveraging qualities from our premium INTEGRIX™ scopes and fully utilizing over 30 years of experience, this is our most well-rounded and balanced brand of scopes having optimized functionality, feature set, and build quality at a fair price. Every step from design, manufacturing, build assembly, through precision inspection and scenario testing embraces our "The Best Never Rest" motto, embracing our commitment to provide new product options with higher standards every year. Augmented optical performance, mechanical integrity and repeatability, and sleek functional aesthetics can all be had with ACCUSHOT PRO™.

Leapers started the UTG PRO® line of USA made products in 2009. Since then, products bearing the name have been well-established amongst the hunting and shooting-sports community as being quality Michigan-made parts and accessories. With a plethora of different products to choose from, our selection of handguards, stocks, magazines, bipods, and mounts are truly a one-stop shopping experience for the shooter looking to make their firearms better suited to their needs.

Leapers' grassroots brand comprising of a vast selection of optics, dot sights, mounts, scope rings, grips, and more. UTG® provides customers with solutions set out to be both affordable and complete. An essential collection and foundation that continues to pave the way for the new and experienced hunting and shooting sports enthusiast. The growing popularity and recognition of UTG® products continues to fuel Leapers' commitment to providing consumers with products that compete at every level.

**With more than 25 years experience in the hunting and shooting industry, I expose my equipment to some of the harshest conditions in the field. From optics to firearm components and accessories, without a doubt, Leapers is second to none. That's why I choose Leapers products!**

**A lot of the game I hunt is in the low-light conditions of dawn and dusk, so an excellent light transmission characteristic is a key requirement for the scopes I use. The INTEGRIX™ scopes are really outstanding in this respect, providing clear images even in the last minutes of daylight!**

**I'm honored to partner with Leapers! Leapers and I share the same passion, to compete at the highest level with American made products (UTG PRO®) that are the best. Whether you are competing shooting or hunting you want to be the best! To be the best you need the best American made products (UTG PRO®) for your gun.**
