MICHIGAN BORN RECEIVERS

UTG PRO®

AR RECEIVERS

Michigan made and designed from the ground up to provide shooters with functionality that benefits their skill set. UTG PRO® billet 7075-T6 receivers feature improved ergonomics, rigid reliability, parts commonality, and a lightweight overall design with melted geometry.

EASE OF INSTALLATION

Threaded pins and featuring a captured rear takedown spring and buffer detent.

RIGID RELIABILITY

Precision CNC machined from industry standard 7075-T6 billet aluminum and finished in type III class II matte black hard coat anodize.

WEIGHT REDUCTION

Material removed from viable areas without hindering reliability.

PARTS COMMONALITY

Compatible with standard and most aftermarket Handguards, LPKS, BCGS, FCGS, etc.

SHOOTER-FOCUSED ERGONOMICS

Overall melted receiver geometry reduces snag points and hot spots.

SHORTENED & FLARED MAG WELL

Shorter height for compatibility with most, if not all magazines and drums.

FIRMLY PLANTED INDEXING

Ambidextrous trigger finger swells in line with the Mag well's outer ledge and shortened Height provides a firm and deliberate trigger finger index.

AR15 STRIPPED AMBI RECEIVER

UTG PRO  **NEW**

AR15 STRIPPED AMBI RECEIVER

- » Proudly Designed and Made in USA
- » True Ambidextrous Lower with Left and Right Side Bolt Hold Open and Release
